FAMILY FAVOURITES SINCE 1953

We have spent a troubled few weeks considering how to balance the latest Government advice while serving the high street, protecting jobs and the health of our staff and you, our loyal customers.

Yesterday evening's stark message from Downing Street was a nationwide call for decisive action in which we must all play our part.

It is therefore, with deep regret I have to confirm all Dickson's shops will close from tonight from 2p.m. but for now we hope to continue providing a limited range of product through our supermarket customers.

We hope to welcome you back in the weeks ahead once the crisis passes
